Infants

The infants welcomed a new friend this month, welcome baby Everett! Our friends Carter, Max, Leona and Eyan all moved out to the Pre-Toddler room with Miss Rose. They are going to have so much fun! Arabella and Amelea are having fun spending time adjusting out in the toddler room as well. Addison is moving herself all over the room playing with toys. Peliah enjoys the jumperoo and talking with her friends, while Justin starting eating cereal. PJ loves to smile, laugh and talk to his teachers.

Preschool/PreK

Preschool worked on reviewing their skill this month. They practiced identifying shapes, proactive counting to 20, and organizing things by color and size. They had a blast trying out the slip and slide; it was really cute to watch too! During their Second Step lessons they learned to calm themselves down and all about having strong feelings.

Toddlers

The toddlers spent a lot of time enjoying water play; they love using the water table and have a blast in the sprinkler. One of the big hits this month is listening to "baby shark" over and over again. The children love it and the teachers defiantly know it by heart! Miss Stacey's class worked on self-help skills and is doing a great job dressing themselves for water play and using the potty. Way to go!

School-Age

School-Age continues to enjoy their summer. They did different water activity to create different relay races, some used sponges and cups. They worked as teams to play games and are having a good time at the pool. They enjoyed many different field trips. They went to Elite Sports Academy where they played indoor sport games and hit at the batting cage. Kids Quest where they go to enjoy a large jungle gym and arcade games, and they went to FreeFall Trampoline Park. All sounded very fun!
