## Read Me

Anyone who participates in our school-age summer program, we hope to get out some information on this upcoming summer by the end of March beginning of April.

### Dates to Remember!

- ◆ 3/12-EPSD off
- ◆ 3/18-3/18 EPSD 12:30 dismissal for conferences
- ◆ Premier Kindergarten Conferences- Miss Lindsay will have more information to come.
- ◆ Looking forward to April-Premier CLOSED 4/2 for Good Friday

## Infants

The infants welcomed 3 new friends this month. Welcome Silas, Ava and Hannah! They began to learn about winter and made snow owls, polar bears and penguins. They enjoyed celebrating Valentine's Day by singing songs and making dotted hearts. Our friends in the infant room are getting so big! Everly sits up and is so happy playing. Maddie is now crawling and Aiden is taking steps. Xander loves eating his baby food. Nolan, Maisie and Brantley are moving around the room and pulling themselves up. Way to go everyone!

## Toddlers

All toddlers enjoyed celebrating Valentine's Day! They have fun exchanging cards and eating goodies. They got to spend some time out in the snow and at times brought snow inside to play with. That sounds like fun! Pre-Toddlers painting with different tools this month, like masking tape and Q-tips. They were really into the story Brown Bear and worked on making animal sounds. They also started learning the "hokey pokey." Toddlers worked on color matching and shapes. They also played with fake snowballs and for science watched snow melt. A big favorite was playing in the bus tent!

## Preschool

Preschool and PreK are working on their building unit. They made houses out of shapes and used a variety of different materials to build structures, such as, boxes, Legos, and popsicle sticks. Preschool worked on their geoboards and made shapes and in art they made dump trucks. In block rug they had fun creating bridges and PreK did a science experiment to see how many marbles their bridges could hold. Throughout the month Preschool and PreK discussed the different roles and jobs that are involved in building a structure. Wow, they were busy!

## Premier Kindergarten

Kindergarten started the month by making predictions about whether the groundhog would want to see his shadow or not. They celebrated their 100<sup>th</sup> day of school in a big way! They had lots of activities about the number 100! They also enjoyed their Valentine's day party together. Kindergarten learned about George Washington and Abraham Lincoln and about taking care of their teeth and for Dental Health Month. Kindergarten also started their take-home reading program and had a 3D shape hunt in which they got to share their findings of objects that are 3D shapes!
